FOOD AND BEVERAGE SAMPLING GUIDELINES

- 1) There are two types of sampling that can be done.
 - An Exhibitor samples food and beverage so that the consumer may purchase the product by mail or other retail outlet.
 - An Exhibitor samples food and beverage so that the consumer may purchase the product on premise.
- 2) Any food and beverage product must have some relevancy to the type of show or the social make-up of the expected clientele.
- 3) Any food or beverage product that will be sampled from an Exhibitor must be germane to that Exhibitor's business.
- 4) If a food or beverage product is to be sampled and/or sold by an Exhibitor, it must meet the following criteria:
